

Mini Cable Lock Premium 2K

Affordable, Pull-Tight Plastic Cable Seals

Very user-friendly and highly tamper-evident, the Mini Cable Lock Premium 2K seal (MCLP 2K) can be applied to secure various applications for a range of security requirements with trucks, tanker trucks, air wcargo containers, shipping containers, rail car, valves and calibrators in various industries.

This improved version of the Mini Cable Lock Premium is moulded with 2 colours for improved visibility and barcode readings. It features a grooved surface to protect the serial number markings on the seal, and a waved design to deter tampering attacks.

Features

- 1 Molded with high-impact ABS material with a galvanized steel wire rope. The resilient high-impact ABS material does not break easily and shows clear evidence of tampering.
- 2 The protruding lip feature made of zinc cast at the entry and exit hole of the seal's cable provides greater protection against tampering.
- 3 One end of the cable is permanently secured into the locking body.
- 4 The Mini Cable Lock Premium 2K is etched with permanent laser marking for names, logos, sequential numbers and barcodes, which offers the highest level of marking security.
- 5 2 colours for improved visibility and barcode readings.
- 6 Grooved surface to protect serial number markings.
- 7 A waved design deters tamper attacks aimed for the wire insertion and application area.

Technical Specifications

PRODUCT

Product	Material	Cable Length	Cable Diameter	Tensile Strength	Marking Area	Max Marking Digits
MCLP 180 2K	Body: ABS Cable: Galvanized steel wire	180mm (standard)	Ø 1.8 mm	250-300 kgf	Body: 19mm x 10mm	Serial no: 10 Barcode: 8

INNER CARTON
